SUMMARY

Creative and user-focused UI/UX Designer (**MCA**) with hands-on experience in designing clean, responsive, and user-friendly digital experiences. Skilled in user research, wireframing, high-fidelity prototyping, and front-end technologies like HTML, CSS, and Bootstrap. Proven ability to **collaborate in innovative, team-oriented environments to understand client requirements**, optimize application performance, and create intuitive interfaces that maximize development efficiency.

WORK EXPERIENCE

Drake Software Services - UI/UX Designer

Jan 2026 – May 2026

- **Multi-Platform UI/UX Design:** Collaborated in a team environment to design clean, user-centric interfaces for mobile, iPad, and desktop screens using **Figma**, improving user engagement by 40%.
- **User Research & Optimization:** Evaluated client requirements and existing interfaces to optimize design flows, navigation, and overall application usability.

Botmedia Digital Marketing - UI/UX Designer

Aug 2025 - Oct 2025

- **Figma-to-Code Implementation:** Converted complex design wireframes into functional, responsive web pages using **HTML5, CSS3, JavaScript, and Bootstrap**.
- **UI Testing & Optimization:** Conducted front-end testing and bug fixing to ensure cross-device compatibility, reducing rendering issues by 20%.

Marut Soft Code - Web Designer (Internship)

March 2025 – June 2025

- **End-to-End Frontend Development:** Designed and fully developed responsive interfaces from scratch for multiple live commercial sites (including *Sanonyx.com*, *Ratheegreenhouse.com*, *Msoftcode.com*, and *Regularprint.com*).
- **Component-Based Responsive Design:** Independently translated interactive Figma layouts into production-ready, cross-browser compatible web components using clean **HTML, CSS, Bootstrap, and JS**.
- **Architecture & Documentation:** Collaborated on web app scaffolding, integrated basic UI guidelines for system consistency, and optimized page load performance across all live assets.

SKILLS

Design & Prototyping: UI/UX Design, Wireframing & Prototyping, Figma, Canva,

Front-End & Web Technologies: HTML5, CSS3 , Bootstrap , Responsive Web Design

Core Concepts & Methodologies: Wireframing & Prototyping, User-Centered Design, Interaction Design, Usability Testing, Accessibility, User Research,

Soft Skills: Problem Solving, Creative Thinking, Strong Communication, Teamwork, and Collaboration.

PROJECTS

Sanonyx ([Live Link](#)) : Developed the entire frontend from scratch. Created a highly responsive and modern GUI using HTML, CSS, Bootstrap, and JS, ensuring seamless cross-device performance.

Rathee Greenhouse ([Live Link](#)): Owned the end-to-end frontend design and development cycle. Translated initial concepts into a clean, visually rich, and interactive user experience.

Marut Soft Code ([Live Link](#)) & Regular Print ([Live Link](#)): Contributed to core UI/UX enhancements, Figma-to-code transformations, and layout optimizations using modern CSS frameworks.

EDUCATION

Master of Computer Applications (MCA) | Tula's Institute, Dehradun

Aug 2023 - June 2025

Bachelor of Computer Applications (BCA) | M.J.K College Bettiah

Aug 2019 - May 2023
